B = 215mm  
C = 290mm

### Lintel depths

D = 100mm  
E = 120mm

140mm & 150mm depths also available.

### Typical weights

140mm x 100mm - Approx 30kg per LM  
215mm x 100mm - Approx 46kg per LM  
290mm x 100mm - Approx 69kg per LM

140mm x 120mm - Approx 36kg per LM  
215mm x 120mm - Approx 55kg per LM  
290mm x 120mm - Approx 75kg per LM

Units can be supplied with cast in lifting sockets if specified.  
Units exceeding slenderness ratio will be supplied sectional (please consult sales team).

- Splayed lintels incorporate an 80mm splay to each end.
- Semi-dry cast lintels are non load bearing and should be used in conjunction with a suitable structural lintel as per recommendations.
